

ACCA BY THE NUMBERS

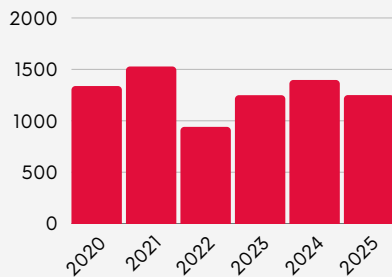

OUR MISSION HAS REMAINED THE SAME FOR THE LAST 58 YEARS. WE WORK TO SERVE THOSE IN NEED.

THE NEED IS GREAT AND INCREASING

Food insecurity rates for the most severely impacted parts of ACCA's service areas are between 40% and 55% and child poverty rates are at 27% in Fairfax County. ACCA's human services work to relieve hunger and related needs with three major programs: food delivery, financial assistance, and furniture delivery. Since 2020, ACCA has assisted 27,000 individuals in over 10,000 households. ACCA works with county social workers to provide nutritious food, emergency financial assistance, and furniture to families and individuals in need.

FOOD AND HYGIENE PROGRAM

Pantry volunteers deliver a 7 - 10 day supply of food and hygiene products. Our volunteers and community partners work tirelessly to stock our pantry with produce, dairy products, bread, meats, soaps, baby supplies, and a variety of canned and packaged foods. 1250 households received emergency grocery supplies in FY2025. Since 2020, the pantry has served 7703 local families.

2020-2025

On her 93rd birthday, a local woman called for food assistance, and ACCA volunteers made sure her day was special. Along with a week's worth of groceries, they surprised her with a cake and a balloon. She and her family were touched, and she later let us know she felt truly blessed by the kindness.

FAMILY EMERGENCY ASSISTANCE

327 local families received emergency funds for rent, security deposits, utilities, medical bills and other essentials in FY2025. Since 2020, the family emergency assistance program has served 2180 local families.

Emergency Financial
Assistance
2020-2025

A disabled client fell \$1,060 behind on rent after paying medical bills while uninsured. Now covered again, she can manage rent going forward. ACCA paid her back rent, stabilizing her housing.

FURNITURE

70 families received beds, sofas, tables, chairs, lamps, and other essentials to make their homes more liveable in FY2025. Since 2020, the furniture teams have delivered to 430 homes.

Household Items
2020-2025

When a fire displaced 14 families off Heritage Drive, ACCA volunteers acted immediately. We received a call on Tuesday, drivers and team members stepped up, and by Thursday morning, the family received a full furniture delivery. By noon Thursday, the apartment was completely furnished—proof that ACCA truly goes the extra mile.

CHILD DEVELOPMENT CENTER

The ACCA Child Development Center (CDC) program served more than 296 infants, toddlers, preschoolers, school-agers, and their families. The ACCA CDC meets or surpasses the National Association for the Education of Young Children standards by providing healthy learning environments and high-quality early childhood programming.

MORE OUTREACH

- Shepherd's Center - we helped provide drivers for 509 rides to seniors.
- Rebuilding Together - we helped repair two homes for local homeowners. Since 1990, ACCA has repaired 134 houses and provided over 4300 volunteer hours.
- Ruffing Scholarships - provided \$4,000 per year for college education to four local students with disabilities
- Neighbor to Neighbor - Through financial and volunteer support, ACCA assisted refugee children with their schoolwork and helped parents develop their English skills.
- Church World Service - Through the Annandale CROP Walk, we raised \$16,752.36 for Church World Service (CWS) to provide relief for hunger, disaster, and refugees. CWS returned \$4188.09 to ACCA for our local efforts to fight hunger and poverty.

PARTNERS

We received generous support from the community including our member churches, numerous individuals, businesses, and community organizations. A complete list of our partners - <https://bit.ly/ACCApartners>

VOLUNTEERS

All of this work was made possible by about 200 repeat volunteers and many one-time volunteers in addition to the staff of the Child Development Center.

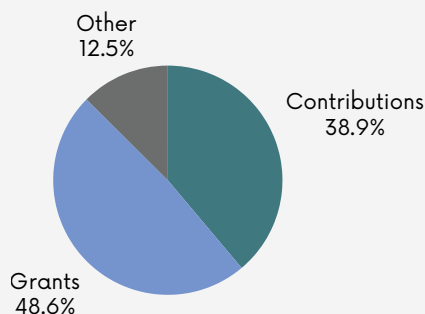

INITIATIVES

Behind the scenes at ACCA, we are automating our processes to serve our community more efficiently. With the technical skills of many new volunteers, we are working to improve our processes through the use of new technologies.

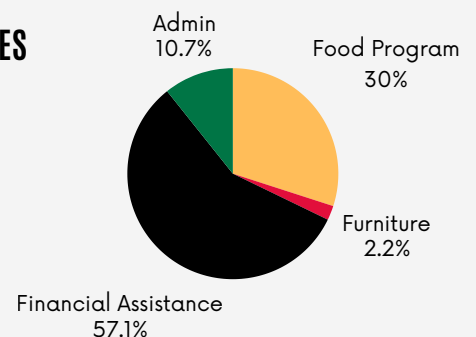

We have also been fortunate to partner with several local sources for diapers and feminine hygiene products to provide these essential items to families. We are working to improve our on-site vegetable garden and working with a local food rescue group to help provide fresh foods to clients while reducing waste in our community.
